TrboConnect Cable

ENABLES YOU TO EASILY CONNECT ANALOG RADIO SYSTEMS TO DIGITAL RADIO SYSTEMS

An interoperability solution for Motorola MOTOTRBO™ Professional Digital Two-Way Radio Systems.

StreetTrek Solutions presents an innovative way to expand the applications of MOTOTRBO™ Professional Digital Two-Way Radio Systems. TrboConnect Cable seamlessly connects digital and analog radios, allowing users to communicate across the entire system.

An easy and cost-effective solution

TrboConnect Cable installs in less than one minute. No other expensive hardware is required.

Works with a variety of radio systems

TrboConnect Cable is compatible with UHF, VHF, 800 and LTR radios, as well as conventional, IP Site Connect and Capacity Plus systems.
